Insectorum.

Indicem systematicum

addidit

F. C. Kielsen.

qvondam in schola metropolitana magister primarius.

Hafniae 1835.

Sumptibus *Christiani Steen*, bibliopolae et chartopratis hafniensis;
typis *Bianco Luno & Schneider*.

In hoc Insectorum indice systematico immortalem *Linnaeum* (editionem XIII^{am} ejus Systematis Naturae compara) omnino sumus secuti. Species, parenthesi inclusae, in Systemate Linn. desiderantur, quare eas servavimus, quibus usus est auctor in textu danico, aeneas hujus operis tabulas illustraturo. Has etiam adjecimus, ubi differunt a Linnaeanis.
